CSS

A screenshot of the Visual Studio Code editor interface. The top menu bar includes File, Edit, Selection, View, Go, Run, and a search bar. The Explorer sidebar on the left shows a file tree with index.html, style.css, and script.js. The main editor area displays the content of style.css. The code defines a media query for screens up to 1085px wide, followed by a reset of margin, padding, font-family, and box-sizing. It then sets scroll-behavior to smooth for the html element. The .container is set to 100% width with hidden overflow. The header is positioned fixed, takes up 100% width, uses flex display with space-between justify-content, has 10px padding, a dark blue background, and is centered. The header's list-style-type is none. The navbar's list items are set to display inline-block with 100px width.

```
# style.css > {} @media (max-width:1085px) > #about
1  *{
2    margin: 0px;
3    padding: 0px;
4    font-family: "Raleway", sans-serif;
5    box-sizing: border-box;
6  }
7  html{
8    scroll-behavior: smooth;
9  }
10 .container{
11   width: 100%;
12   overflow: hidden;
13 }
14 header{
15   position: fixed;
16   width: 100%;
17   display: flex;
18   justify-content: space-between;
19   padding: 10px;
20   background-color: #0070c0;
21   align-items: center;
22   z-index: 1;
23   box-sizing: border-box;
24 }
25 header ol{
26   list-style-type: none;
27 }
28 #navbar ol li{
29   display: inline-block;
30   width: 100px;
```

Ln 220, Col 22 Spaces: 4 UTF-8 CRLF CSS Go Live

A screenshot of the Visual Studio Code editor interface, showing the same style.css file but at a different position. The code continues from the previous block, setting text-align to center and margin to 0 10px for navbar list items. The header's navigation list items are styled with no text-decoration, aquamarine color, 18px font-size, 0.4rem padding, and a linear gradient background. The nav element has a 10px right padding. The header's active link has a 16px font-size. The header's hover link has a 100% 100% background size and a dark blue color. The logo is set to 30px font-size and aqua color.

```
28 #navbar ol li{
31   text-align: center;
32   margin: 0 10px;
33 }
34 header nav ol li a{
35   text-decoration: none;
36   color: #00b050;
37   font-size: 18px;
38   padding: 0.4rem;
39   background-image: linear-gradient(to right, #00b050, #00b050, #00b050);
40   background-position: center center;
41   background-size: 0% 100%;

JavaScript

The image shows a Visual Studio Code editor window with a dark theme. The top menu bar includes File, Edit, Selection, View, Go, Run, and a search icon. The breadcrumb navigation shows 'project1'. The file explorer on the left shows three files: 'index.html', 'style.css', and 'script.js'. The 'script.js' file is open in the editor, showing the following JavaScript code:

```
1 let hamburger=document.querySelector("#hamburger");
2 let cross=document.querySelector("#cross");
3 let hamIcon=document.querySelector("#ham-icon");
4 cross.addEventListener("click",()=>{
5     hamburger.style.display="none";
6 })
7 hamIcon.addEventListener("click",()=>{
8     hamburger.style.display="block";
9 })
```

The status bar at the bottom indicates 'Ln 1, Col 1', 'Spaces: 4', 'UTF-8', 'CRLF', and 'JavaScript'. There are also icons for Go Live and a bell.
